Who we are

GM Venture is consulting and management company established in 2006 and based in São Paulo.

We support foreign companies' investments in Brazil with particular focus on:

- **Day-to-day activities** (start up, branch management)
- **Extraordinary activities** (M&A, market penetration)

We act as **interim managers** for several foreign groups/clients, taking care of all financial, administrative and accounting tasks and offering activities of outsourced CFO or general management.

Our track record of managing several business ventures in Brazil has given us the necessary expertise to handle Brazilian complexity in an efficient way and strongly reduce the time to market for the investors.

We adapt our activities to the guidance of the headquarters overseas, with the aim of creating value for their investment in Brazil.

Why GM Venture

- **One Stop Shop:** the headquarters can manage with an only counterpart all the matters related to the management of the Brazilian branch.
- **We speak languages:** we have adopted models of cash flow, balance sheet and report procedure in multilanguage format. Means fastest communication.
- **Track Record:** we are market leader and we have a large experience with start-ups or acquisitions in Brazil. We have successfully launched and assisted more than **50 companies** since 2006.
